

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

ECOLOGY

ALL FORMS OF LIFE IN RELATION TO ENVIRONMENT

OFFICIAL PUBLICATION OF THE

ECOLOGICAL SOCIETY OF AMERICA

CONTINUING THE PLANT WORLD

VOLUME III, No.1

JANUARY, 1922

CONTENTS

City Street Dust and Infectious Diseases	JACQUES W. REDWAY	1
The Ecological Life History of Certain Species of Ribes and Its Application to the Control of the White Pine Blister Rust .	WILLIAM S. COOPER	7
The Sunflower and Its Insect Visitors	CHARLES ROBERTSON	17
The Fauna of an Acid Stream	MINNA E. JEWELL	22
Some Factors affecting the Distribution of the Prairie Vole, Forest Deer Mouse and Prairie Deer Mouse	LEE R. DICE	26
Ecological Features of Great Bay, New Hampshire, and a Preliminary Check List of its Fish	C. F. JACKSON	48
The Seasonal Distribution of the Appendicularia in the Region of San Diego, California	CHRISTINE E. ESSENBERG	55
Influence of Certain Soil Factors on the Growth of Tree Seedlings and Wheat	BARRINGTON MOORE	65
Zoological Abstracts		84
Notes and Comment		86

The pages of *Ecology* are open to papers of ecological interest from the entire field of biological science.

Manuscript offered for publication should be typewritten, and should be submitted to the Editor-in-Chief or to a member of the Editorial Board. A reasonable number of illustrations and diagrams will be accepted without cost to the author.

Proof should be corrected immediately on receipt and returned at once to the Editor-in-Chief. Reprints should be ordered when proof is returned. Fifty copies, without cover, are supplied free; cover and additional copies at cost.

Correspondence concerning editorial matters should be addressed to the Editor-in-Chief, at the address given above.

Subscription price, \$3.00 a year. Single copies 80 cents, post free. Postage to foreign countries, 10 cents.

Missing numbers will be supplied free when lost in the mails, and when written notice is received within one month of the date of issue.

Remittances should be made payable to *ECOLOGY*.

Business correspondence, including subscriptions, change of address, back numbers, and discontinuances should be addressed to *ECOLOGY*, 41 No. Queen St., Lancaster, Pa., or Brooklyn Botanic Garden, Brooklyn, N. Y., U. S. A.
